2015
Certificate number 0086-CPR-612002
Hollow core slab for Floors
Relevant harmonised standard-BS EN 1168-2005

Identification code

Hollow core 215

Concrete compressive strength fck = 50 N/mm²

Prestressing Steel:

Ultimate tensile strength fpk = 1770 N/mm²

Tensile 0,1% proof-stress fp0.1k = 1556 N/mm²

For geometrical data, detailing, mechanical strength, fire resistance, insulation index and durability see the design specifications;

See Design drawings and clients specification.

The performance of the product identified above is in conformity with the declared values, when installed in accordance with the manufacturer's instructions.

Signed on behalf of the manufacturer
